Vol 20, Issue 16

Message from the Board

Vocational Service Month

Last week in Tina's note on Vocational Service she noted that this Avenue of Service focuses on:

- ✓ *Adherence to, and promotion of, the highest ethical standards in all occupations, including fair treatment of employers, employees, associates, competitors and the public.*
- ✓ *The recognition of the worthiness of all useful occupations, not just your own or those pursued by Rotarians,*
- ✓ *The contribution of your vocational talents in solving the problems of society and meeting the needs of your community.*

This week I'd like to hone in on the third of these issues and talk a little about three projects that we would like the club to adopt and support.

The projects are:

- ✓ *The creation of internship partnership between Kaimuki High School and Metro Rotary,*
- ✓ *Along with the New Generations Committee, organizing workplace visits for school groups, and*
- ✓ *As mentioned by Major Charles Anthony of the Hawaii National Guard when he spoke a couple of weeks ago, the mentorship program run for at-risk youth at the Hawaii Youth Challenge Academy.*

The first project, which we would like to get underway at the beginning on 2007, is for Metro Rotary members to provide internship opportunities for students from Kaimuki High School. The internships will be for a lapsed time of 24 hours, with start and end dates and session times agreed between the school and the employer.

Continued on page 2

The aim is to provide students with a real work experience while allowing employers to build alliances with schools and teachers... and who knows, you might find a really great future employee interns with you. Anyone interested in finding out more about becoming a mentor should contact me at kpops@hawaii.rr.com or Billie Lueder at KAIMUKH/HIDOE@notes.k12.hi.us . We'll be putting out a handout and application form for the project in a couple of weeks.

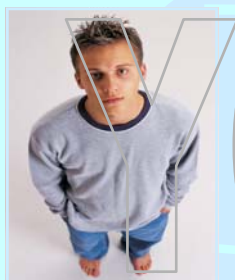

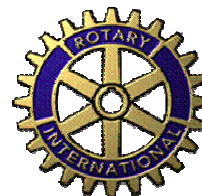

The second project is to open your workplace to a small group of student from various schools to let them have the opportunity to see how a business works. Visits will be no longer than a couple of hours (probably less) and will require that you have someone available to show the students round, explain what is going on and answer questions. Again, think of it as an investment in the state's future.

The last project is targeted at individual Rotarians rather than their businesses and employers. Major Anthony told us about the National Guard Youth ChalleNGe Program that intervenes in the lives of at-risk youth, producing graduates with the values, skills, education and self-discipline necessary to succeed as adults. The program, which runs nationwide, has been a spectacular success. Where we can help is by providing one-on-one mentors for Hawaii participants. You can find out more about the program at www.ngycp.org/state/hi . Mentors need to commit for a specific duration but meeting frequency and time are between the mentor and student. If you are interested let me know and I'll pass your details on to Major Charles – you can contact him directly but I would like to see this as a Metro Rotary project and see how much resource we can put into it.

Vocational Service is a prime way of involving Rotary in the community and helping the community become a better place in the future. Please support our projects.

Film Making in Hawaii

Neil Isreal

It may have taken many films before he found Neverland but Neil Israel found Hawaii and made it home. After many years of filmmaking he packed up those reels of experience and transferred from Hollywood to Honolulu. This past

Thursday Neil Isreal, writer, director and some times actor, shared his years of filmmaking with Metro and made us remember and laugh and why not... the real estate business can be all of that and more.

Neil told us that the movie industry is changing and even though Hollywood is trying to hold on to its production perimeters the industry is moving to the incentives that certain locations will allow. I'm sure we will hear more about Neil.

Donne Dawson

Commissioner of the Hawaii Film Office a.k.a. the state film commission, part of the Department of Business, Economic Development and Tourism (DBEDT) joined in with Neil to give us further incite to the film industry in Hawaii. Donne talked about the importance of film incentives when competing for productions in Hawaii. The Motion Picture, Digital Media & Film Production Income Tax Credit (15% - 20%) along with Act 221 and 215 have already have made a positive impact with an increase in productions. For more go to ...Hawaii Film Blog -

Mahalo to them both for a very entertaining morning. CUT!

CRICKET IN AMERICA! ARE YOU JOKING?

Most Americans would be surprised to learn that the game of cricket has been played in the United States for several decades. Cricket is played in fifty states with the major cricket centers being New York, New Jersey, California, Florida, Chicago and Texas. Currently there are 36 established leagues, 650 clubs and over 12,000 senior players. A national youth program was recently established for junior cricketers in the United States.

THERE IS A WRITER WITHIN ALL OF US

By Marquita McKnight Lake Navasu City Rotary Club

Every time I sit down to write an article, I have a dilemma. Do I write about what my audience wants to hear, or I write about personal experiences? Many times I try to interweave both into the article to keep it interesting. I don't always know if it's working, but I do get confirmation of one thing: if you like to write, you just keep doing it!

SUGGESTED FUTURE TOPICS

Dear Thomas...

If your club is located where there is no District Number and/or somewhere that is not termed a "state" or "province," this information represents the description of an area that best defines the location of the club, or a "best guess" answer.

Thank you for stopping by our club's web site today and sharing your comments. You can be assured we read each one carefully looking for ideas that will improve service to both members and visitors.

Please return often and watch the development of this unique approach to Rotary for Rotarians who, due to circumstances, are unable to meet attendance requirements.

Donations to eClub One to support our continuing online presence may be sent to:

THANK YOU FOR VISITING ROTARY eCLUB ONE. PLEASE VISIT AGAIN. OUR PROGRAMS CHANGE FREQUENTLY, AND THERE ARE MANY AREAS ON THE SITE THAT YOU MAY NOT HAVE VISITED.

I found that the Rotary eClub One was easy to access and it was easy to stay for the mandatory make-up time of 30 minutes with over 100 articles to choose from.

I read about Rotary Shelter Boxes being used in Lebanon (we first heard of shelter boxes after Hurricane Katrina).

I read about Why Rotary Needs Young Members and The Old Number One

About the Rotary Club of Calcutta. It still amazes me on how quickly Rotary clubs spread after Paul Harris started number one in Chicago in 1905.

Why promote eClubs? Attendance!!!!

If your having a problem making a meeting at Metro or around town....eClub!

*After my session on-line, Gaylene and I received a make-up receipt. It was **easy!***
